

The Wiltshire Guild of Spinners, Weavers and Dyers
Textile Studios

Annual Report for Steeple Ashton Parish Meeting 27.04.22

The Guild would like to thank the St Mary's School Building Committee for supporting us during lockdown when we could not open. We appreciate our continuing support from members and the wider community.

At present we are not arranging group visits with demonstrations and afternoon tea which gained us valuable extra income. However we are running courses for small groups of members and non members which have proved very successful and gained us new members. The courses include spinning, weaving, knitting and sewing machine skills.

This year the Guild is entering the Steeple Ashton Open Gardens for the first time so we have been working in our small dye garden around our building and with weather permitting there will also be some spinning and dyeing demonstrations. We hope to see some of you on the 28 May.

Beryl and Val
